

# **Title: Report on Patanjali University's Delegation to the International Conference at MAHGU**

Date: February 24, 2024

## **Introduction:**

In February 2024, a delegation of 25 students from Patanjali University had the privilege of attending the International Conference held at the prestigious **MAHGU (Maharaja Agrasen Himalayan Garhwal University)**. The conference, held on 21st and 22nd February, offered a platform for students to engage with scholars and practitioners from various disciplines. This report aims to provide an overview of the delegation's experiences and the knowledge gained during their participation.

## **Summary of the Conference:**

The two-day conference covered an array of topics across multiple disciplines, ranging from mysticism and spirituality to arts, humanities, and social sciences. Eminent scholars, researchers, and practitioners from around the world presented their research papers, conducted workshops, and delivered keynote speeches. The conference also emphasized the importance of interdisciplinary approaches in addressing Viksit Bharat 2047.

## **Delegation Activities:**

**1. Attendance at Plenary Sessions:** The students attended plenary sessions where renowned speakers presented their research findings and perspectives regarding the conference theme. This offered the delegation a holistic understanding of the discourse surrounding various fields.

**2. Presentation of Research Papers:** Eleven students from Patanjali University had the opportunity to present their research papers during parallel sessions. This allowed them to showcase their academic excellence and receive valuable feedback from experts in their respective fields.

**3. Workshops and Interactive Sessions:** The conference facilitated a range of workshops and interactive sessions where students actively participated. They learned about new methodologies, research tools, and practical applications within their domains of interest.

**4. Networking:** The delegation utilized the conference as a platform to connect and network with fellow students, scholars, and industry professionals. These interactions not only expanded their academic contacts but also enabled potential collaborative opportunities for future research endeavours.

## **Conclusion:**

The visit to the International Conference at MAHGU was a remarkable experience for the delegation of 25 students from Patanjali University. The exposure to diverse perspectives, interdisciplinary integration, and networking opportunities proved invaluable for their academic and personal growth. The students have returned with enhanced knowledge, skills, and inspiration, which will undoubtedly contribute to their future endeavours. Patanjali University acknowledges the significance of such experiences in fostering a well-rounded education and is committed to providing further opportunities for its students to participate in similar international conferences.
